

Birgit Freyer

Cabling without a cable needle

Cables (twisted stitches) over a small number of stitches can be worked easily without using a cable needle.

Left-leaning twist

Insert the right needle behind the first stitch (orange) and in front of the second stitch (yellow).

Knit the second stitch (yellow).

Then, knit the first stitch (orange).

Birgit Freyer

Right-leaning twist

At first, you need to loosen the second stitch (orange) a bit to make it easier for your needle to enter it.

Knit the second stitch (orange) before you work the first stitch (yellow).

Then, knit the first stitch (yellow).

Have much fun with your needlework!
